Instructions for group project submission:

1. The last date for group submission is **24th June, 2019**.
2. You have to submit n+3 hard copies and one soft copy of your project report where n indicates the number of group members. Deadline for hard copy submission is **4 p.m., 24th June, 2019.**
3. During the hard copy submission, presence of all group members is not mandatory.
4. You and your supervisors need not sign all **n+3** copies of the project. You may sign on one and attach the photocopies of that page to the other copies of the report.
5. Besides the hard copies, you need to email one soft copy of the same to ameco@caluniv.ac.in. The deadline for the submission of soft copy is **9 a.m., 24th June**.
6. Note that the deadline for soft copy submission is earlier than the hard copy submission. This should not be a problem as your file for print out should be ready by then.
7. Of these n+3 copies, Mr. Suman Das in the computer laboratory will stamp and return the n number of copies to you and keep only those 3 copies which will be given to the examiners.
8. **No request for allowing any change in the report will be entertained after the final soft copy submission. You have to be careful before you make the submission.**
