

The students of the third semester are requested to fill in the Optional paper preference both online and offline following the steps given below.

1. The online form: <https://goo.gl/forms/1XRF5bXcU8wsnqet2>
Last date of submission: **12 August, 2018, 11:59 pm**
2. The paper form (next page) must be filled in, signed and submitted to Mr. Suman Das at the computer lab latest by **4 p.m. , 13 August, 2018.**
3. If there is any discrepancy between the information provided in the forms and official records your preference forms will be cancelled and you will be allotted subjects randomly.
4. If you appeared for supplementary examination for any of the semester 1 papers, then your total marks for semester 1 should include your marks you received in the supplementary examination and exclude the marks you received at the first chance. For example, suppose you received 40, 30, 40, 50, and 10 in the first semester. Then you appeared for the supplementary examination for paper V and got 25. Then your total mark for semester 1 is 185 and NOT 170. However, if you have failed in a semester 2 paper and due for supplementary at the end of the third semester, your total marks for semester 2 is whatever given in the mark sheet. Hence, if you have received 30, 30, 45, 45, and 15 in the second semester your total is 165.
5. If you have submitted the online form twice, we will only take the first one.
